

MSK AUSTRALIA

Comprehensive MSK Ultrasound Conference, Bali

Sunday 28th July-Friday 2nd August 2019

PROGRAM

The daily lecture series will detail anatomy and sonographic pathology of the selected body region complemented by case studies of pathology and common presentations. This is then followed by didactic live scanning workshops where the presenters will demonstrate scanning techniques and insider tips on how to easily make the correct diagnosis.

Sunday 28th July	6:00-8:00pm	Registration and welcome drinks
------------------------------------	-------------	---------------------------------

Monday 29th July – Shoulder and Elbow	
Lecture Series	Topic
9:00-9:30	Rotator Interval and Cuff Anatomy
9:30-10:00	Cuff Tears and Tendinopathy
10:00-10:30	Shoulder Clinical Presentations and Differential Diagnosis
10:30-11:00	Elbow Load Induced Tendinopathies
Live Scanning Workshops	
11:00-12:00	Shoulder
12:00-1:00	Elbow

Tuesday 30th July – Wrist and Digits	
Lecture Series	Topic
9:00-9:30	Radial Sided Wrist Pain
9:30-10:00	Ulnar Sided Wrist Pain
10:00-10:30	Digit Extensor and Flexor Apparatus
10:30-11:00	Upper Limb Nerve Entrapments
Live Scanning Workshops	
11:00-12:00	Wrist and Fingers
12:00-1:00	Upper Limb Nerves

Wednesday 31st July – The Hip	
Lecture Series	Topic
9:00-9:30	Athletic Pubalgia
9:30-10:00	Anterior Hip Pain
10:00-10:30	Hernias
10:30-11:00	Greater Trochanteric Pain Syndrome
Live Scanning Workshops	
11:00-12:00	Anterior Hip and Groin
12:00-1:00	Lateral Hip

Thursday 1st August – Foot and Ankle	
Lecture Series	Topic
9:00-9:30	Lateral Ankle
9:30-10:00	Medial Ankle
10:00-10:30	Plantar Metatarsalgia
10:30-11:00	Lower Limb Nerve Entrapments
Live Scanning Workshops	
11:00-12:00	Ankle
12:00-1:00	Forefoot and Lower Limb Nerves

Friday 2nd August – Knee and Thigh	
Lecture Series	Topic
9:00-9:30	Posterior Hip and Deep External Rotators
9:30-10:00	Biomechanics of Hamstring Injuries
10:00-10:30	Extra Articular Knee
10:30-11:00	Calf and Soft Tissue Injuries
Live Scanning Workshops	
11:00-12:00	Buttock and Thigh
12:00-1:00	Knee and Calf
